# FactorX

## Commercial cashflow passport

Attested payments in. Identity a lender can query.

Creditcoin testnet • 102031

Attestcoin readability • chainKey 1

 [factorx.vercel.app](https://factorx.vercel.app)

- THE MISSING FILE

# Commercial cashflow exists. The credit file does not.

Three substitutes fail for three different reasons.

BANK BUREAU

No on-chain  
settlement history

bank statements

DEFI SCORE

Wallet activity,  
not counterparties

speculation

INVOICE PDF

Paper claim,  
not cryptographic  
proof

manual trust

The settlement exists.

The file does not.

- PRODUCT IN ONE SENTENCE

# Turn a source-chain settlement into a file a lender can read.

- WHY ATTESTCOIN IS REQUIRED

The passport does not move without an attested height and inclusion proof.

- 01  Attested height covers source block
- 02  Proof Builder assembles inclusion evidence
- 03  USC SDK verifySingle returns true
- 04  **verifyAndRecord binds the source hash**

READABILITY ONLY
